D'Annunzio Is Killed, Report From Rome

Italians Drawing Iron Ring Around Insurgent City

Poet-Soldier's Troops Forced to Outskirts; Land and Sea Forces Advance, Tighten Grip. Leaving Legionaries Almost Hopeless.

BULLETIN

Rome, Dec. 27.—It was reported from Fiume today that Gabriele d'Annunzio, the insurgent leader in that city, had been killed while trying to prevent fight between his legionaries and regular Italian soldiers.

London, Dec. 27.—Italian government troops, it was believed today, were slowly but surely closing the iron ring around Fiume, where Captain d'Annunzio and his little force of legionaries were standing siege.

Reports from the city have been meager but it appeared the soldiers commanded by General Caviglia had forced the d'Annunzian lines into the outskirts of the city, and that the fall of the city might not be long delayed.

Land and sea forces arrayed against d'Annunzio began to move forward toward the city yesterday and advices say the grip they had taken had reduced the legionaries in Fiume to an almost hopeless position. The land advance was made from three directions and did not encounter any resistance. D'Annunzian soldiers fell back as the government troops moved ahead, and it was declared the poet-soldier had directed his officers not to open fire on the advancing forces until he had personally given orders to that effect. The Italian regulars were understood to have been under orders not to fire unless they were compelled to do so.

LITTLE HOPE LEFT FOR CAPT. D'ANNUNZIO

Rome, Dec. 27.—Little hope that Captain d'Annunzio will be able to hold Fiume against Italian regulars is entertained by Signor Odengo, local representative of the "regency of Quarnaro," who, with several bands and sympathizers has been anxiously waiting developments along the Adriatic.

Groups attempted to hold demonstrations here in favor of Gabriele d'Annunzio tonight, but royal mounted guards dispersed those engaged in the manifestation. D'Annunzio's war cry "of down with the treaty of Rapallo," was frequently heard.

Post's Followed in Meeting.

The post followed in meeting of nationalists who favor d'Annunzio and the claims he has put forward as conditions upon which he will abandon his flight at Fiume. Deputy Federici made an address in favor of the poet and was cheered by the students.

Local socialist nationalists, in revolt over the breaking up of the demonstrations, decided to put an end to a concert being directed by Sergio Koussevitsky in the auditorium. They entered the building crying "Viva Italian Flamenca! Viva Anarchists!"

The meeting was interrupted and several scuffles followed between invaders and the audience. Prompt intervention by police reestablished order.

HUMAN LEGIONARIES SURRENDER TO ITALIANS

Paris, Dec. 27.—Humanitarian and Democratic volunteers at Zara, a port of Fiume on the Dalmatian coast, have surrendered to Italian regulars after failing in an attempt to capture the Italian warships Marada.

The volunteers, who were 27 of the 270 regulars landing there, were captured and several scuffles followed between invaders and the audience. Prompt intervention by police reestablished order.

BULGARIAN COLONEL KILLS SERB GENERAL DURING QUARREL

Budapest, Dec. 27.—During a meeting of the commission appointed to determine the suspension of the general, a quarrel broke out and a Bulgarian colonel killed the Serbian general who presided, says a Sofia dispatch today. The colonel then committed suicide.

OLD BARABOO PAPER CEASES PUBLICATION

(By Associated Press)

Baraboo, Wis., Dec. 27.—The South County Democrat, one of the oldest Wisconsin weekly newspapers, has announced its suspension of publication.

It was started 42 years ago. The reason given is that the field has too many papers. Baraboo has about 5,000 population and has two daily papers.

All-Stars Win Double Header From Tanks and Beloit

**DEFEAT MILITIAMEN
BY 31 TO 15 AND
BEOIT, 25 TO 14**

Defeating the Tank corps team by the score of 31 to 15, the Janesville All-Stars took the armory, and the even more so the Beloit "Olympics" a trouncing by the score of 25 to 14 in the Armory on Saturday.

Showing the results of hard practice, the Stars played a whirling game in both contests, and just Don Driscoll, their captain together with the close and rapid team work of all the team showed a decided improvement in the offensive prowess of the club. Driscoll through his playing in both games in the absence of Hager won this star a permanent berth with the Stars. Driscoll Is Star.

The Stars downed the Tank militia team in the afternoon game at the armory. The series now stands 2 to 1 in favor of the Stars. Driscoll and Anderson were the stars for the winning club for between them and the skill of the other parts made by the All-Stars "Dinty" Anderson, the mid-field member of the Stars, eagled seven field goals while Driscoll dropped in five.

Inman forward for the Tanks played a steady and at times a brilliant game for the militia dropping in two field goals and four free throws.

Trunks In Lead.

The Tanks gained an early lead but were soon overcome when Driscoll snarled and dropped in a series of shots with the Tanks trying to block him. Between Driscoll and Anderson, the Stars were able to work the ball through the third quarter, and Driscoll counted several times on long shots. A shot made while Anderson was falling to the floor was the feature of the game.

Evening Game.

The evening game the playing was hard and at times exceedingly rough. This was called at several intervals when minor injuries were inflicted through the hard and rough play worked out in the state. Driscoll again played to be a streak of greased lightning, throwing four field goals.

The Stars ran circles around the Beloit team in the first half when they lead by a score of 13 to 2. The final pace set by the Janesville guards had Beloit in the lead but one of their attempts at goals.

In the second half Anderson took Beloit's place at forward, and Grasseau took Grau's place at guard. In this half both teams played even, each scoring 12 points. The Stars played an excellent defensive game at guard for the Stars during this contest.

More Tonight.

The All-Stars will meet tonight at 7:30 at the Y. M. C. A. Men who will make the trip to play in Delavan Friday night will be announced at this meeting.

**CLEVELAND TO STAND
PAT ON OLD LINE-UP**

(By Associated Press)

Cleveland, Dec. 27.—The Cleveland American league team, winners of the world's championship, will probably start the 1921 season with substantially the same line-up as they wound up the 1920 race.

C. Dunn, president of the club, is satisfied with the team just as it is, and will stand pat on the lineup for next year's campaign without looking for a single addition to his regulars or substitutes.

"They were strong enough to win the world's pennant and look good enough to me to be able to repeat," said President Dunn, "so why should I look for new material?"

"Our battery men showed themselves to be the best in either league last season; our outfielders, both fielding and hitting, were the class of last season. Tom Sosik, who took Max Chapman's place of shortstop, has all the necessary qualifications to fill that position, making our infield, both in defense and offense, as good as any in the game."

**One Punch and It's All
Over in Two Bouts Sat.**

Phil Bloom, veteran New York light weight, knocked out George Gorman in the fifth round in a bout staged here on Christmas afternoon.

Dick Griffen, Fort Worth lightweight, outpointed the Zulu Kid, of Brooklyn, in a ten round mill in El Paso Saturday. Griffen lead from the opening round to the decision.

Kid Gross, of Philadelphia, knocked out Sam Williams of New Orleans, in six seconds of actual fighting at Atlantic City on Christmas Day.

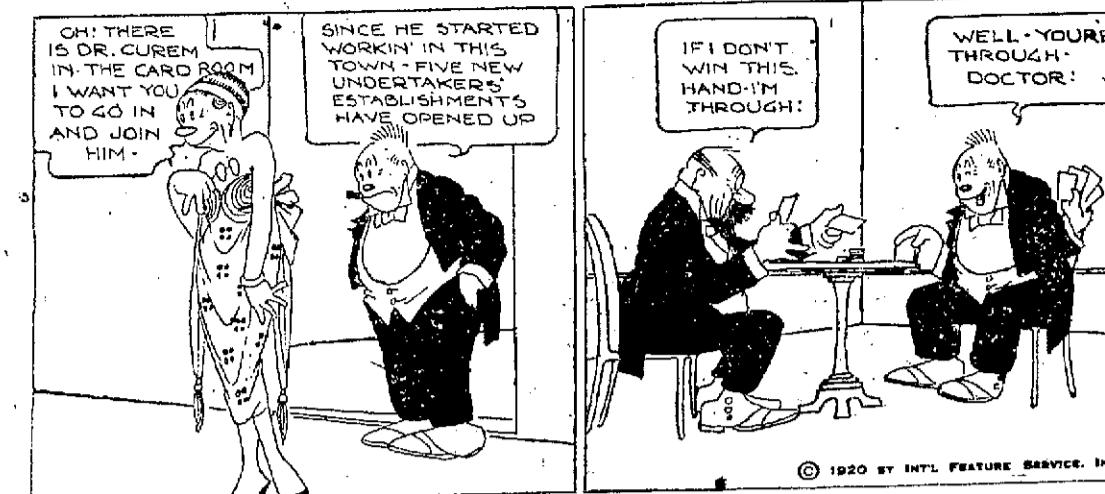

**Bill Chandler Leads
Crack Oshkosh Club**

Bill Chandler, former Wisconsin star, and who played here with and against the old La Crosse Cardinals is piloting a team in Oshkosh. Chandler will meet the crack Milwaukee All-Stars in the auditorium tomorrow night.

BRINGING UP FATHER

By George McManus.

**JOE LYNCH LEARNED
FIGHTING WHILE ON
A TRUCK FOR "DAD"**

Joe Lynch, the new bantam King, is a truck driver as well as an infinity world champion. His father, a new citizen, now stands ready to take in a copious amount of berries by reason of his defeat of Pete Herman. Just three years ago Lynch fought a 15 round battle in New Orleans for which he received exactly \$100, top of that having been taken hand for medical attention.

Plenty of frames. But times have changed since then. Lynch climbed fast to within sight of the promised land and his earnings during this past year have been around the \$10,000 mark for the New Yorker was just a popular card challenger.

Success has not turned his head. The boxer, gay lights and salubrious have no attraction at present—for holder. The night after Lynch rose to the front spotlight by knocking out Sharkey and collecting \$10,000 he walked to his home on West Forty-seventh street.

Family is a sister and four brothers always occupy ring side seats when he fights. They are good rooters for him. Three or four days a week Joe drives a truck for his dad.

When he beat Herman there was a tiny crutch, face red, and hands to the bone around the hand. He says he can fight again without it. Also in a fact the bantam was ready to sail before the boxer.

His father, a sister and four brothers always occupy ring side seats when he fights. They are good rooters for him. Three or four days a week Joe drives a truck for his dad.

Large pits have been made for the broad and high jumping and pole vaulting, and these make the conditions practically equal to an outdoor field. The 75-yard straightaway, where the runs have been the scene of some of the most famous races in track history. Several world's records have been equaled and broken on this track.

One of the events that will be watched with interest this year will be the first for the all-around championship. Hamilton of the University of Missouri, the all-around champion, has been matched to box Young Wildes in January. Lynch will be his opponent.

Young Wildes is not the only one from Tulsa, Okla., or any one from out of town.

SOX TRAINING PLANS

President Comiskey is making all arrangements to send his team to the Texas training camp at an early date to give Manager Gleason all the opportunity to find study and recreation in the city. The team will be in the city until April 15, when it will return to the mid-west. Both boxes were dissatisfaction with U.S.A. recent 19 round whitewash 40 here in which Tremaine was given a shade.

FARM YOUNGSTERS EATING TOO MUCH

Nurse Finds City Children as Healthy, Though Eating Less.

Miss Anna Lundersher, of Beloit, county visiting nurse will make examination in 13 more country schools and in the schools of Milton, Milton Junction and Clinton before a complete survey of Rock county schools will be made, it was announced in the court house today.

The county nurse is now preparing data for her annual report to the county board meeting in January. There will be a meeting of the county board committee on the future for the putting of work to be done by the nurse in this county for 1921. Children Average.

Examinations made in the schools have demonstrated that the country school pupil is not much healthier than his city cousin. One-third of the country pupils are underweight to the height, claims Miss Lundersher.

"This is due to two reasons," explained the nurse. "One is that they eat too often, and the other is that they play too little. That may sound funny, but the truth. The country child comes to school with a dinner pail filled with enough food to feed three city children. They eat at every recess, at noon and going home at night. They do not include their breakfast and omit their meal they eat at home."

"The country boy and girl plays with much more energy than the city child. They play harder and more strength exhausting games. You should see them—just full of energy and life."

Need More Milk.

It is also a peculiar fact that the country child does not drink enough milk. I am trying to get them all to drink lots of good fresh milk. Milk is so important on the farm, few of the country boys and girls going to school realize its worth as food. Parents should put it on the table and encourage their children to drink milk and we would have many underweight children in the country schools continued Miss Lundersher.

Under the plan of the nurse for the coming year, visits will be made to the home of parents and a close relationship brought between the schools and the home. This practice, it is said, will do much in improving health conditions among country school children along with the constant pressure brought to bear upon better school equipment and better school buildings.

WOMAN THROWN OUT OF CAR BUT ONLY SLIGHTLY INJURED

Mrs. W. A. Schultz was slightly hurt in an auto accident Christmas Eve at the intersection of Western and Center avenues, a car driven by her husband, collided with one driven by Mr. Corliss, a farmer living between Sharon and Capron, Ill. Mrs. Schultz was thrown out of the car and shaken up. She was able to go to her home, where she first aid treatment in Roselawn's flat. Corliss was to blame for the accident, Officer Webber stated. A settlement was effected, it was said.

WARD PETITIONS SIGNED RAPIDLY

Petitions being circulated to make a new ward out of the second precinct of the Third ward are being signed rapidly, those in charge of the blanks report. One petition to day bore the names of 20 electors of that district. When a sufficient number of signatures—a majority of the voters—have been secured, the petitions will be presented to the council. It will then be necessary for the council to create the new ward.

The boundaries of the second precinct are: St. Lawrence avenue, Racine street, Rock river and the city limits.

\$350 RAISED FOR NEAR EAST RELIEF

The first amount of money taken for the Near East relief in this city was collected yesterday at the Methodist church at the "White City" service. More than \$350 was collected. Rev. J. A. Melrose is the chairman for the Janesville committee and Rev. Homer Noble, B. F. F. is the active treasurer. Further steps will be taken the rest of the year, when an active campaign will be started.

PHONOGRAPH PLANT WOULD LOCATE HERE

A request for information concerning the possibilities of renting or purchasing a factory building suitable for the manufacturing of phonograph records and cylinders has been received by A. T. Hemmens, local agent for the Northwestern line. The request states no requirements and simply states that it will be rented or purchased if the building is suitable. Further information can be secured from Mr. Hemmens.

AMBULANCE OUT 3 TIMES IN 3 DAYS

Three ambulances calls were answered by the police department over Christmas, as follows:

Friday—Otto Webig, 512 Cherry street, to Mercy hospital; Saturday—William Grimes, 401 West Milwaukee street, to hospital; Sunday—Mrs. John Ryan, South Janesville, to 151 Fremont street.

NO SHOPLIFTING IS REPORTED HERE

Despite the crowds in the stores during the week preceding Christmas, not one instance of shoplifting was reported directly to the police department. This is unusual.

Chef Morrissey said today he was informed indirectly of one case of shoplifting in a women's department store but that it was settled without the store being notified.

ALL COUNTY ROADS OPEN TO TRAFFIC

Cars Get Through Despite Snow—Trains 30 Minutes Late.

Rock county highways are still open to traffic, according to members of the snow removal committee of the Chamber of Commerce today. Auto trips along the main highways to Beloit, Elkhorn and Evansville convinced the members that there is no necessity to take action as yet to remove snow.

The committee has not taken action on the order of the state to furnish a truck for removal work and overhauling.

Train Little Late.

Several tournaments, bobbing and skiing parties, skating on the "Y"rink, speed skating, games, and a New Year's day exhibition will mark the program of the Y. M. C. A. this week.

A ping pong tournament for the high school and junior boys, blindfold chess for the junior and checkers for the high school and junior classes, for the jacks, and a chess tournament for all, will be played during the week. A small entry fee will be charged.

The boys will hold extra sessions in the gym for basketball, which will be held on Saturday evening.

Next Monday there will be a ski party and the boys will take their lunches and go out for an all day hike. A bobbed party on some grounds is planned for next Tuesday morning.

Several periods will be arranged for skating on the new rink which is believed will be finished and in condition Wednesday morning. There will also be basketball and volleyball games in the gymnasium.

McKinnon is Active.

A crew of 15 men worked all day Sunday under Street Commissioner Thomas McKinney, holding sidewalks and clearing debris from the streets of the city. Four plows were used and all important streets were opened to pedestrians. Today Mr. McKinney's men were busy hauling snow from the gutters in the downtown district.

The street commissioner sounds the alarm, warning that property owners who fail to clean their sidewalk within 24 hours after snowfall will be obliged to pay the city for doing it.

WHO IS TO BLAME FOR DELAY?

What is delaying the elevation of railroad tracks and the removal of this daily menace to life in Janesville? If there is any interest re-

tusing to do its share, responsibility ought to be fixed and the obstruction eliminated. The crossings are dangerous. That is realized and accepted as a fact by everybody in the city. It is especially emphasized for the people residing in the First ward. The Eastern avenue road crossings are also a constant danger to life. By a little straightening of the road two crossings can be removed. It would seem that this is a good time to start and get all the necessary legislation passed so that elevation can be an accomplished fact by the end of the year 1921.

KEEP OUR LABOR EMPLOYED.

Men are out of work in every city. Each industrial center is filled with idle labor. Here in Janesville the condition exists in a lesser degree than in some other places, but it is none the less acute. The worst part about it is that it will get worse instead of better as the savings of the men are depleted.

Every job that can be done ought to be done now. The way to make a good city is to keep men at work. If there is a place where labor can be used, stretch a point and use it here at this time. Look about you and see if there isn't something you have been putting off that will make it possible for one or more men to be employed.

TAKING CARE OF THE WOUNDED AND THE HELPLESS.

One of the real accomplishments to be the objective of congress under its new stimulus, since the election, is a codification and amendment of the laws referring to the care of the wounded and disabled men who have been neglected and are the victims of red tape and circumspection, criminal and inexorable. They have suffered from the delays, errors and inadequacies of the government long enough. Soldier welfare work has been divided into three departments, two of which are now under one assistant secretary of the treasury. These are (1) the War Risk Bureau performs about 60 per cent of the relief work; (2) the Federal Board for Vocational Education does about 20 per cent, and (3) the Public Health Service does about 20 per cent. All the work of the War Risk Bureau is veteran work; probably one-fourth of the activities of the Federal Board for Vocational Education is in behalf of the soldiers; while the Public Health Service has historic functions—quarantine, epidemics, education of the people along sanitary lines, etc., so that its functions are both for the soldiers and the general public. The War Risk Bureau and the Public Health Service within the last week have been brought under one assistant Secretary of the Treasury, as has been recommended since early last summer; the Federal Board for Vocational Education is a separate service and not in, or subordinate to, any government department.

Congressman John Jacob Rogers proposed that all three departments be placed under one bureau, that of "Veteran Rehabilitation." He calls attention to the delays when a man seeks relief now and the failure of the departments to coordinate. Jones is examined for disability. The War Risk Bureau can do nothing until the report of the medical examination is made. If it does not come promptly no one can hurry the matter. In the meantime the soldier suffers, and waits. There are thousands of such cases. These failures to care for the soldier have come to be a scandal and a disgrace. Combining all phases of government effort for relief under one head will remove a number of trivial officials from duty and place the records and determination of action in the hands of one department and under one head.

We have been making a lot of noise around the country on Armistice Day and voicing what we thought of the soldier, but what we need now is to do something definite and in a business-like manner for the men who have come back to us, wrecked physically and who were promised everything that a paternal nation can do if they would "finish the job."

TRADING FOR GERMAN BONDS.

Smart sharps are trading German Imperial Bonds to susceptible persons in the northern part of the state, for Liberty bonds. These sleek gentlemen, appeal to "German patriotism" in communities largely German by birth of ancestry, where the claim is made that the German bonds are safe while there is a question about the Liberty bonds. As the new German republic has never validated the Imperial bonds and the statement is not true, investigation of the act as a fraud is being made. It is a strange thing that men will seek to dispose of the Liberty bonds for a song here and there—take "phony" stocks and trade for useless things—but they do it every day. As the late and sagacious Mr. Barnum said, "The people like to be humbugged."

How can Janesville have a city manager? By presenting a petition to the city council asking a referendum election on the plan set forth in Chapter 64 of the revised statutes of Wisconsin. The council is obliged to call the election no matter how much it would dislike doing it. And if it were done now, the election could be held before spring, and on April 1 the officials called for under the new plan would be selected. It will take another year if the plan is not adopted before April 5.

Not a single city having adopted city management by vote of the people has returned to the old form of city government. That is a record.

KOREA:

Revelations coming from Korea of frightful acts by the Japanese are nothing extraordinarily new to those who have intimate association with these Germans of the east. Dr. Whiting, who appeared before several audiences in Janesville, carried the same news of Japanese "benevolent assimilation" that the Associated Press did Thursday. The dispatch from the Associated Press also is a denial of the doctor's statement that the press associations "were afraid to send out the news" of these atrocities. Korea has been taken over by the Japs and the people, a peaceful, retiring, industrious folk, have resented the establishment of all the Japanese customs and the exercising of a tyranny in government which has been far greater than that of the British prior to the American revolution. Publicity of the things Japan is doing to the Koreans may not stop the rightfulness, but it will emphasize the militaristic ambitions of that nation and assist in coming to diplomatic conclusions with other nations, the United States included.

Wild Pigeons

BY FREDERIC J. HASKIN

Washington, D. C., Dec. 27.—That there is no such thing as a wild pigeon in the United States any more is an idea which seems to be widely entertained in this country, and which is wholly erroneous, according to the ornithologists.

The fact of the matter is that the passenger pigeon, which was once phenomenally abundant in the western United States, is extinct; but there are at least three species of wild pigeon found today within the United States. All three of them are little known, despite the fact that one of them is distributed, in a sparse and scattering manner, over a good part of the West.

For some reason, the wild pigeon is an object of exceptional popular interest, if one may judge by the number of questions that come to an information bureau about it, and the number of newspaper and magazine articles that have been written on the subject.

Nearly every American now knows something of the tragic and mysterious history of the passenger pigeon, which 60 or 70 years ago darkened the sky with its vast flocks, killed whole forests by using them as roosting places, and glutted American markets with its flesh. It is believed by scientists that the slaughter of the pigeons did not alone account for their complete and sudden disappearance along in the eighties, but that some other factor, which has never been explained, must have had a part in it.

All of this has been often recited. The passenger pigeon has given a great deal of publicity, while the other American wild pigeons are almost unknown to the general public.

The Strongest Buying Influence in this Rich Market is the Daily Gazette

(Numbers shown on map represent Wisconsin State Highway System. Dotted lines show railroads.)

WHEN A MAN or woman in Evansville, Edgerton, Brodhead, or in any of the other places on this map wants to buy something, where does he or she look for buying information? In the Janesville Gazette.

The Gazette's atmosphere of news and facts lends a business-like sincerity to advertising in its pages. News of a product, news of a store, news of this community and of the world's doings stand side by side. The readers' natural interest in the one extends to the other. Not only interest but confidence.

The Gazette serves this large market with a sound circulation based on the primary importance of serving the reader and his interests which makes for reader confidence and buying responsiveness. This Gazette circulation is audited semi-annually by the Audit Bureau of Circulation, an independent audit organization composed of newspapers, magazines, advertisers and advertising agencies of which the Gazette is a charter member.

There are 80,000 people in this market. A large percentage of them regularly trade in Janesville. They are able to afford and will buy luxuries as well as utilities.

The Gazette believes that advertisers are entitled to a good circulation, proper space plus service. This service is a service of actual co-operation—exceedingly valuable.

The Gazette believes that advertisers can get results through these advertising columns—can get them economically.

Your business advertised in the Gazette, will share the interest and confidence that the public has in the Gazette itself and will be very profitable to you.
